# II THINK TANK

## A VISION OF I-O THE SIENA CONSENSUS 2018

Promoted by the NIBIT Foundation in collaboration with the Parker Institute for Cancer Immunotherapy and the World Immunotherapy Council

For more information, updates and useful links, please visit our website: [www.thinktank-nibitfoundation.org](http://www.thinktank-nibitfoundation.org)

### MAIN TOPICS:

Tuning-up for the Think Tank: the world-wide I-O voice

The melanoma “immune” lesson: past, present, and future

Epigenetic immunomodulation: a win-win approach?

Lung cancer: finding the path ahead

Cancer vaccines: ready again for the prime time?

Big Data and data deconvolution

Learning from existing data: IDO, OX40, HDACi

The 3<sup>rd</sup> Siena I-O Think Tank 2019

*Travel awards for selected young investigators will be provided by NIBIT Foundation*
